TOP SKILLS

- JavaScript
- HTML, CSS and Tailwind.
- Responsive Web Design
- Data Analytics
- Data structures & algorithms

PROFILE

To make use of my skills as a Frontend developer and my passion for design to build web-based applications and interfaces for a company with a team that is proactive, innovative-driven and target-oriented or alone without supervision as

When I am not coding, I either read articles, play mobile games or watch football.

I am a fast learner, creative thinker and problem solver.

EXPERIENCE

TIIDELAB PRE-FELLOWSHIP

| April 2023 - May,2023

- Lead my team to build a application that helps users book and plan for their travels.

API MANAGEMENT

| November 2022 - December,2022

- I worked on the frontend of an API Management site alongside a team of backend developers, this application helps to create and delete secret API keys.
